*Together we can... inspire, celebrate, support and empower.*

## WOMEN TAKING CARE OF BUSINESS

*By: Tanya LaReese*

We are women doing the things we love...  
All with individual gifts from above...

With the power and courage to do anything we wish...  
Besides cooking someone's favorite dish...

Singing, dancing, writing too...  
There's nothing the MOXY WOMEN can't do...

We have succeeded in many things...  
Even taking over the movie screen!

When it comes to taking care of business, we are number 1...  
Moxy women get the job done!

We are lawyers, doctors and Congress women too...  
Mothers, Nurses and Dentists, just to name a few...

Women taking care of business can mean so many things...  
It all depends on what gifts you have to bring...

So I tell you to go for your dreams!  
Because MOXY WOMEN can do anything!
